**COLLEGE OF MEDICAL ADMINISTRATORS
OF SRI LANKA**

President's Message

It is with great pleasure I am presenting this updated membership directory for 2015/2016 to the members of College of Medical Administrators of Sri Lanka. This is a continuation and enhancement of the efforts initiated by Dr. N.E.L.W. Jayasekara and continued by Dr. Sunil de Alwis.

Objective of this updated version of the directory is to improve networking among the members of our esteemed organization by providing accurate contact details of all our members. Networking will invariably encourage knowledge, experience and information sharing as well as enhanced social relations among our members, which is an essential aspect in present day management.

Every possible effort was made to make this compilation an accurate and updated one. All the members were personally contacted to get their details updated. When it was not possible to directly contact, other members were contacted and some information updated. New members for years 2014 and 2015 are included in this directory. It is important to get the emails updated as we make most of our communications through email. It was noted that some members still have not generated their e mail address and I sincerely request them to generate an e mail so we can continue our dialogue with all members.

I wish to express my sincere appreciation for Dr. Champika Wickramasinghe, Editor CMASL and Ms. Nisansala Hennayake for their valuable contribution.

Dr. Jayasundara Bandara
President
College of Medical Administrators of Sri Lanka
